**ZONING COMMISSION FOR THE DISTRICT OF COLUMBIA
NOTICE OF PUBLIC HEARINGS**

TIME AND PLACE:

**Thursday, July 26, 2007, @ 6:30 P.M.
Office of Zoning Hearing Room
441 4th Street, N.W. , Suite 220-South
Washington, D.C. 20001**

THIS CASE IS OF INTEREST TO ALL ANC's**Z.C. Case No. 04-33B (Inclusionary Zoning – Addition of R-2 Zones, Standards for Certain Overlays, and Clarifying Amendments)**

The public hearing advertised in this notice will consider the petition of the Office of Planning to amend twelve Overlay Zones and Chapter 26, Inclusionary Zoning ("IZ"). The proposed amendments would add R-2 to the zones where IZ is applicable, conform the IZ Zoning Regulations with provisions of Inclusionary Zoning Implementation Act of 2006 enacted by the Council of the District of Columbia, and modify the text of Chapter 26 to clarify the Commission's intent and to make technical changes.

Proposed Amendments

Overlays: The proposed amendments would codify the Office of Planning's ("OP") September 26, 2006 analysis of 12 of the 13 existing zoning overlays that also have IZ requirements. They would tailor increases in FAR, lot occupancy density or height to respect the intentions of each overlay. Zoning overlays tailor base zones to specific neighborhood conditions and concerns. Some restrict density in order to ensure appropriate scale. Others provide for density incentives to promote the inclusion of desirable uses. Two overlays also permit use of Combined Lot Development in order to achieve the overlays' objectives (combined lot provisions permit two sites to be considered as one for some zoning purposes). The intent of specific IZ/overlay language is to ensure the IZ bonuses are calculated based on an overlay's FAR, height and lot occupancy requirements where an overlay is more restrictive than the underlying zone district, and to ensure IZ bonuses are used prior to an overlay's incentives where the overlay provides bonus FAR, height, lot occupancy, and/or permits combined lot. Where the advertised language proposes changes, the increases in FAR due to the 20% density IZ bonus range from 0.18 to 1.2 FAR. Increases in lot occupancy would range from 0% to 15%; and, increases in height would not exceed 10 feet. The affected overlays are: Capitol Interest, Cleveland Park, Eighth Street, Fort Totten, Reed-Cooke, Woodley Park, Hotel/Residential, H Street, Takoma, Georgia Avenue, Uptown Arts, and Capitol Gateway.

Conforming Language: The proposed amendments advertised in this Notice would align the Zoning Regulations with the Inclusionary Zoning Implementation Act of 2006, which was passed by the Council of the District of Columbia on December 19, 2006. This Act empowered

PAGE 2

the Mayor to create a system to administer the affordable units created by Inclusionary Zoning. The act envisions the use of third-party non-profit entities that would acquire IZ units for resale to eligible households at affordable prices. It is envisioned that such entities, known as Housing Trusts, might be able to purchase the units at prices that would allow the seller to gain a greater profit than if the seller sold the unit to an eligible household. The amendments propose would permit an IZ unit owner to sell its property to these third-parties at a price greater than would be otherwise permitted, but requires the third party to sell the unit at the price prescribed by the Mayor. The amendments also recognize the decision of the Council to permit the Mayor to set resale prices without the use of a price schedule intended to only govern the initial sale of an IZ unit.

Inclusion of the R-2 Zone: The R-2- zone district was not among those zones included in Order No. 04-33. The proposed amendments would make the R-2 zone district subject to Chapter 26, Inclusionary Zoning Program, and provide changes to lot width and area to accommodate the 20% bonus density enabled by Chapter 26.

Low and Moderate Density Neighborhood Form: In order to accommodate the additional lots for a given IZ-related parcel, and to reflect the existing neighborhood form in the R-2, R-3 and R-4 zones, the advertisement proposes that existing width requirements of the base zone be kept, but would permit smaller lot areas through shallower lots. The proposed changes would also permit a developer to achieve bonus density by narrower lots, but only by special exception.

Affordable Unit Set-Aside Calculation: The language clarifies how the set-aside requirement will be calculated. The calculation would be based on the greater of the gross floor area (gfa) devoted to residential use, or the bonus density utilized. This formula would base the set-aside calculation on only the residential gfa within mixed-use projects, or on the IZ bonus density actually used, and not that which is theoretically available. Thus the set-aside is not based upon the maximum potential bonus density that can be achieved on a property, but is based upon either a percentage of the bonus density used or of the residential uses to be constructed, whichever is greater. This affords flexibility to developers while also eliminating the need to seek BZA approval to reduce the set-aside based upon the impact of exceptional conditions affecting the property.

Zoning Envelope Modifications: The proposed amendments would grant 10 feet of additional height to developments in the C-2-C and SP-2 zone districts, and returns these zones' maximum residential lot occupancy to 80%, from the 90% originally permitted by the IZ regulations. This would ensure better access to light and air and would conform these zones with zones having comparable constraints.

Off-Site Compliance: The proposed amendments would authorize the BZA to approve off-site IZ compliance within the same census tract through covenants on land owned by a second party. The regulations currently require common ownership of both parcels.

PAGE 3

Requests for Complete Relief: As noted, the set-aside flexibility proposed in the advertised text eliminates the need for BZA relief if a site condition or government restraint does not permit access to the full 20% bonus density. Nevertheless, the Office of the Attorney General is recommending the addition of a provision permitting a property owner to complete relief from the set-aside provision based upon a showing that compliance would deprive the owner of economically viable use of the land. Because of the availability of both this form of relief, and relief from on-site compliance, the need to file for a variance from the set-aside requirement would be rare and would not be ripe for consideration until after the property owner has exhausted the administrative remedies provided. Therefore, the Office of the Attorney General is recommending a provision that, while permitting the simultaneous filing of applications for administrative relief and a variance, would require the Board of Zoning Adjustment to first consider the requests for administrative relief, and only go on to consider the variance request if it votes to deny the other form(s) of relief sought.

IZ Applicability Date: Refinements include language setting a date certain for the application of the IZ regulations and provides that projects that have been approved by that date certain by a final action vote of the Zoning Commission are not subject to IZ requirements. These dates have been intentionally left blank in this notice and the public is invited to offer suggested dates at the public hearing.

The public hearing on this case will be conducted in accordance with the provisions of § 3021 of the District of Columbia Municipal Regulations, Title 11, Zoning. Pursuant to § 3020, the Commission will impose time limits on testimony presented to it at the public hearing.

All individuals, organizations, or associations wishing to testify in this case should file their intention to testify in writing and indicate the hearing date on which they will appear. Written statements, in lieu of personal appearances or oral presentations, may be submitted for inclusion in the record.

Information responsive to this notice should be forwarded to the Director, Office of Zoning, Suite 200-S, 441 4th Street, N.W., Washington, D.C. 20001. **FOR FURTHER INFORMATION, YOU MAY CONTACT THE OFFICE OF ZONING AT (202) 727-6311.**

compliance (whether on site, offsite or a combination thereof) would deny the applicant economically viable use of its land.

2607 OFF-SITE COMPLIANCE

2607.1 The Board of Zoning Adjustment is authorized to permit some or all of the set-aside requirements of §2603 to be constructed off-site ~~on property owned by the applicant~~ upon proof, based upon a specific economic analysis, that compliance on-site would impose an economic hardship. Among the factors that may be considered by the BZA in determining the existence of economic hardship are:

- (a) Exceptionally high fees in condominium developments that cannot be reduced to levels affordable to eligible households;
- (b) The inclusion of expensive and specialized social or health services in a retirement housing development or a development that principally provides housing for the disabled, if such services are not severable from the provision of housing and render units in the development unaffordable to eligible households; or

**CASE NO. 06-30 (Pollin Memorial Community Development LLC -- Consolidated PUD &
Related Map Amendment @ Square 5040 & Parcels 170/27 and 170/28)**

THIS CASE IS OF INTEREST TO ANC 7D

On June 16, 2006, the Office of Zoning received an application from Pollin Memorial Community Development, LLC ("PMCD"), on behalf of the District of Columbia ("the District") and the District of Columbia Housing Authority ("DCHA"). The Applicants are requesting consolidated review and approval of a planned unit development (PUD) and rezoning of the unzoned portion of the property to the R-5-A District. On April 26, 2007, the Applicants amended their application to add the National Park Service as a co-applicant and to decrease the development's land area. The Office of Planning provided a report on July 14, 2006 and a supplemental report on May 4, 2007, and the case was set down for hearing on May 14, 2007. The Applicants provided their prehearing statement as part of their application on May 21, 2007.

The property that is the subject of this application consists of Lot 804 in Square 5040, a portion of Parcel 170/27 and a portion of Parcel 170/28 and has a combined land area of approximately 257,976 square feet. The property is located in the northeast quadrant of the District and is bounded by Anacostia Avenue, Hayes Street, Barnes Street, Grant Street and Kenilworth Park. The Applicants are seeking to have the unzoned portions of the property that will be developed by PMCD zoned R-5-A in connection with this Application.

The Applicants propose to construct approximately 185,234 square feet of gross floor area dedicated to residential uses, with 91 row dwellings, 8 3-unit apartment buildings, and 5 flats, amounting to a total of 125 units in 104 residential buildings on the property. The 83 homeownership units will ultimately be owned by the unit purchasers, the 42 public housing units will be owned and operated by DCHA, and the public parks will be owned and maintained by the District. The buildings will be constructed to a maximum height of three stories. The project will include at least one off-street parking space for each of the 125 units, as well as 150 on-street parking spaces. The project will have an overall floor area ratio ("FAR") of approximately 0.8 and an overall lot occupancy of approximately 32%.

The R-5-A District is a general residence district designed to permit flexibility of design by permitting all types of urban residential development as a matter-of-right, to a maximum lot occupancy of 40% for residential use, a maximum FAR of 0.9 and a maximum height of forty
